TABEER EVENTS

Check us out!

TABEER EVENTS<sup>®</sup> plans all sorts of events for the residents and companies of the Bay Area and sometimes fly out to plan bigger events. Their niche is multicultural weddings. They love to get to know the couple and their heritages, their story, and incorporate ceremonies and customs from both heritages. They also do a lot of low budget events that still have that sense of refinement. Ms. Aneja, the Founder, chose the name Tabeer because it means an interpretation of a dream and she wanted to make sure that no matter what the event is that the clients get to see their vision brought to life.

What we do:
